WHO WE ARE

INC Latino is a vibrant movement of churches committed to leading people to Christ and equipping men and women to make a significant impact for God in their nations. Our mission is to make disciples, train leaders, and multiply healthy churches in Latin America and around the world.

One of our greatest achievements is fostering unity. By promoting the idea of family, we have overcome the most destructive elements within churches, such as self-sufficiency. The continued mobilization of leaders in healthy connection has strengthened our bonds, maximizing the potential of each individual as they use their gifts to grow our local ministries.

For 30 years, this vision has flourished in Latin America, and our spirit remains more alive than ever, pursuing the same dream we had from the beginning: "To reach our world for Christ."

We believe the Holy Spirit will work supernaturally in all the churches that are part of this movement. Don't miss this great awakening that is beginning in the nations!

BORN FOR MORE. BORN FOR MORE. BORN FOR MORE. BORN FOR MORE. BORN FOR MORE. BORN FOR MORE. BORN FOR MORE. BORN

BORN FOR MORE. BORN FOR MORE. BORN FOR MORE. BORN FOR MORE. BORN FOR MORE. BORN FOR MORE. BORN FOR MORE.

“WHY NOT NOW?”

September 12-14.

GLOCAL CARE LATIN AMERICA

GlobalCare Latin America is a foundation that serves as the social and aid arm of the International Network of Churches. It arrived in Valparaíso, Chile, in 2012 and has since expanded its work to various countries in South America. It now has approximately 14 offices in seven different countries across the continent and approximately 1,000 members, including partners and volunteers. "Mates helping mates." Always helping those who need a hand.

- We've helped many families during the recent fires in Valparaíso. The Blue Tide, as they're known in Chile, goes out every week to help with a variety of activities.

- The global care work in Venezuela is incredible, holding medical conferences, participating in the health expo, with doctors, nutritionists, and dentists to help at-risk communities.

In Argentina, Global Care has also been working for several years, not only with a soup kitchen, but also to help women suffering from gender-based violence, with a help and support line.

In Colombia, during the pandemic, Global Care launched a food drive to help hundreds of families during this difficult time. They also collected more than 400 gifts at Christmas to support the children of the Antioquia community.

In Chile, numerous activities are held: The Route of Love every week, NOW (National Week of Others) once a year, hospital visits, The Kilo of Love, family workshops, and much more.

- In Venezuela, we have worked in recent years to create a network of soup kitchens serving more than 300 children in several vulnerable areas. Despite many challenges, we have managed to feed these children, creating a centralized food bank and increasing the number of volunteers who contribute financially or through collaboration in activities, so that we can be God's answer for so many families in this country with so much need.

RIDE TO PROVIDE

In 2015, our first challenge was to cycle 1,000 kilometers from the city of Valparaíso to Temuco, Chile.

In 2016 we crossed the Atacama Desert, traveling 612 kilometers in 6 days. In this challenge, the funds raised were used to build a school in Pakistan.

In 2017, the 514-kilometer stretch from the city of Bariloche, Argentina, to the city of Pucón, Chile, where two food trucks were built, one for each country, with the aim of helping homeless people.

In 2018, another food truck was built in Brazil, stretching 610 kilometers from the city of Campos de Jordão to Petrópolis.

In 2019, on the large island of Chiloé, with a distance of 500 kilometers, resources were raised for this challenge: to build a soup kitchen in Venezuela and serve approximately 200 low-income children.

In 2022, our 6th challenge was in Lonquimay Coñaripe, more than 500 kilometers traveled

In 2023, our last challenge was in Lagos de Neuquén. The goal was to help our soup kitchen in Argentina.

In 2024, we are raising funds to equip the Global Care office here in Chile and provide supplies for our activities.

Next challenge 2025.

■ Elqui Valley

This year we'll be pedaling to raise funds for a nursing home in Valparaíso. We hope to raise the resources to restore the facility and provide better conditions for all the people who live there.

OUR LATIN CONFERENCES

Our conferences in Latin America have always been a great blessing to the churches belonging to the INC. We've had wonderful guests over the years who have blessed our lives. We've held our conferences every two years for over 10 years.

National and international conferences for leaders, women, and youth are held each year to equip our churches with vision.

We are the ministerial school of the International Network of Churches in Latin America. In this school, you will acquire all the tools to become a well-rounded leader in one year, preparing you in five fundamental areas that will give you a comprehensive vision of serving the Lord within your church. You will receive intensive leadership training, where you will learn the character of the leader this world needs, how to foster teams within your congregation, and achieve growth in your church. We also offer a course on finance, where you will learn to understand the administrative process of a congregation, technological tools, and how to maintain healthy finances.

At the college, we have a training area for creativity, where you will receive knowledge in the formation of creative teams, event production, and the importance of incorporating technology to improve processes in your congregation.

You will learn the art of preaching and the tools to develop impactful messages. We also have a course on the formation of the five ministries within the Church, understanding the work of the prophet, evangelist, apostle, pastor, and teacher.
